Dear Postal Service Customer:

Thank you for returning your questionnaire concerning the proposed discontinuance of the Sattley Post Office. Your comments, along with others received, will be included in the official record and considered carefully before further action is taken.

In response to your letter:

- You expressed a concern over the dependability of rural route service. Rural letter carriers perform a vital function in the United States Postal Service serving thousands of families and businesses in rural and suburban areas while traveling millions of miles daily. Rural letter carriers are highly respected by the American public. This respect has been earned by many years of dedication to the Postal Service and to postal customers. During national and local emergencies, including prolonged periods of extreme weather conditions, rural carriers have demonstrated great responsibility in providing mail service to postal customers. Rural carriers are required to serve the route expeditiously each day.

In response to your letter:

- You expressed a concern about senior citizens. Carrier service is beneficial to many senior citizens and those who face special challenges because the carrier can provide delivery and retail services to roadside mailboxes or Centralized Box Units. Customers do not have to make a special trip to the Post Office for service. Special provisions are made for hardship cases or special customer needs. To request an exception for hardship delivery, customers may contact the administrative postmaster for more information.

Dear Postal Service Customer:

Thank you for returning your questionnaire concerning the proposed discontinuance of the Sattley Post Office. Your comments, along with others received, will be included in the official record and considered carefully before further action is taken.

In response to your letter:

- You expressed a concern about having to travel to another Post Office for service. Services provided at the Post Office will be available from the carrier, and customers will not have to travel to another Post Office for service. Most transactions do not require meeting the carrier at the mailbox. Stamps by Mail and Money Order Application forms are available for customer convenience. Stamps are also available at many stores and gas stations where customers may already shop, online at usps.com, or by calling 1-800-STAMP-24.

If it is determined that a discontinuance of the Sattley Post Office should be pursued, a formal proposal will be posted in the Sierraville Post Office, Clio Post Office and Sattley Post Office at a later date. If you have additional questions or comments, please feel free to contact LORETTA KIRKPATRICK at (702) 361-9204.

Sincerely,

As you may be aware, the Postal Service has begun reviewing some of its brick-and-mortar Post Offices, Stations and Branches, under a centralized initiative. This review is necessary in order for the Postal Service to match today's activity and usage, as well as mail volume, workload and customer access to postal retail outlets.

The Postal Service receives no tax dollars for operating expenses and relies on the sale of postage, products and services to fund its operations. The Postal Service is in a dire financial situation. In the past five years:

- Mail volume has declined by 43.1 billion pieces.
- Customer visits have declined by 200 million.
- Retail transactions have declined by \$2 billion.

Today, the Postal Service has expanded access to nearly 70,000 alternate locations – where customers shop and do business – grocery stores, pharmacies, banks, Office Depot, Costco, etc. Customers can access this information at uspseverywhere.com. By consolidating operations, expanding access to postal products and services, and creating community options, the Postal Service is adapting to meet the evolving needs of its customers during changing times.

Community meetings have been or will be held in locations where studies are being conducted to give customers the opportunity to offer their input, prior to a final decision, and the Postal Service will make every possible attempt to minimize the impact for customers of changes to Post Office locations. The final determination will be posted at the post office, when received.

If you have further comments or concerns, please do not hesitate to contact me at 702-361-9204. Thank you for the opportunity to address this matter with you.

Postal Concerns

The following postal concerns were expressed

1. Concern (No Opinion):

Customers were concerned about having to travel to another post office for service

Response:

You expressed a concern about having to travel to another post office for service. Services provided at the post office will be available from the carrier, and customers will not have to travel to another post office for service. Most transactions do not require meeting the carrier at the mailbox. Stamps by Mail and Money Order Application forms are available for customer convenience.

2. Concern (No Opinion):

No Concern

Response:

3. Concern (Unfavorable):

Customers expressed concern over the apparent lack of interest by the Postal Service for the needs of the community.

Response:

The Postal Service is required to provide each community with regular and effective service, using the most cost efficient means possible. The proposed alternate delivery service will meet the mailing and service needs of the community in a more cost effective manner.

4. Concern (Unfavorable):

Customers expressed concern over the dependability of rural route service.

Response:

Rural letter carriers perform a vital function in the United States Postal Service serving thousands of families and businesses in rural and suburban areas while traveling millions of miles daily. Rural letter carriers are highly respected by the American public. This respect has been earned by many years of dedication to the Postal Service and to postal customers. During national and local emergencies, including prolonged periods of extreme weather conditions, rural carriers have demonstrated great responsibility in providing mail service to postal customers. Rural carriers are required to serve the route expeditiously each day.

5. Concern (Unfavorable):

Customers were concerned about having to travel to another Post Office for service.

Response:

Services provided at the Post Office will be available from the carrier, and customers will not have to travel to another Post Office for service. Most transactions do not require meeting the carrier at the mailbox. Stamps by Mail and Money Order Application forms are available for customer convenience. Stamps are also available at many stores and gas stations where customers may already shop, online at usps.com, or by calling 1-800-STAMP-24.

6. Concern (Unfavorable):

Customers were concerned about obtaining services from the carrier.

Response:

The rural carrier provides all the services that are available at the Post Office with the exception of PO Box service and bulk mail acceptance. This includes stamp sales, package pick up, special services and money order sales.

7. Concern (Unfavorable):

Customers were concerned about senior citizens.

Response:

Carrier service is beneficial to many senior citizens and those who face special challenges because the carrier can provide delivery and retail services to roadside mailboxes or Centralized Box Units. Customers do not have to make a special trip to the Post Office for service. Special provisions are made for hardship cases or special customer needs. To request an exception for hardship delivery, customers may contact the administrative postmaster for more information.

Nonpostal Concerns

The following nonpostal concerns were expressed

1. Concern (No Opinion):

No Concern

Response:

2. ~~Concern from average.~~

Customers were concerned about the loss of a gathering place and an information center.

Response:

Residents may continue to meet informally, socialize, and share information at the other businesses, churches and residences in town.

Postal Service Customer Community Meeting Analysis

(categorize customer concerns as postal or nonpostal and provide the Postal Service response for each.)

Postal Concerns

1. Concern (UnFavorable):
Customers were concerned about vandalism of their mail box.
Response:
You expressed a concern about the mailboxes being damaged by snowplows. Please contact the administrative postmaster to determine the proper mailbox location and installation method that would help alleviate this concern. Placing the mailbox on a long, swinging, horizontal pipe is one method often used to avoid damage by snowplows.
2. Concern (UnFavorable):

3. Concern (UnFavorable):
Customers were concerned about mail security
Response:
You expressed a concern about the security of mail. Customers may place a lock on their mailboxes. The mailbox must have a slot large enough to accommodate the customer's normal daily mail volume. The Postal Service does not open mailboxes which are locked and does not accept keys for this purpose.
4. Concern (UnFavorable):
Customers were concerned about a change of address
Response:
You expressed a concern about a change in address. Customers will be assigned a 911 address. The new address will continue to use the community name and ZIP Code. Mail will be forwarded in accordance with postal regulations, and change of address forms are available from the Postal Service to assist customers in notifying correspondents of the change.

Nonpostal Concerns

1. Concern (UnFavorable):
You were concerned about having to travel to another post office for service
Response:
You expressed a concern about having to travel to another post office for service. Services provided at the post office will be available from the carrier, and customers will not have to travel to another post office for service. Most transactions do not require meeting the carrier at the mailbox. Stamps by Mail and Money Order Application forms are available for customer convenience.
2. Concern (UnFavorable):
Customers were concerned about senior citizens
Response:
You expressed a concern about senior citizens. Carrier service is beneficial to many senior citizens and those who face special challenges because the carrier can provide delivery and retail services to. Customers do not have to make a special trip to the post office for service. Special provisions are made for hardship cases or special customer needs. To request an exception for hardship delivery, customers may contact the administrative postmaster for more information.
3. Concern (UnFavorable):

4. Concern (UnFavorable):
Customers were concerned about growth in the community
Response:
You expressed a concern about growth in the community. The growth of a community does not depend on the location of a post office. Based on information obtained by the Postal Service, it was determined that there has been minimal growth in the area in recent years. Carrier service will be able to accommodate future growth.
5. Concern (UnFavorable):
You were concerned about having to travel to another post office for service

As the Postal Service manager responsible for all Post Offices in your area, I would like your opinion concerning a possible change in the way postal services are provided. Our tentative plans will only lead to a formal proposal if we are satisfied that a maximum degree of regular and effective service can be provided.

Low mail volume.

If you would like an opportunity to discuss alternatives with us, a postal representative will be at the Sattely Post Office on 05/05/2011 from 6 p.m. to 7 p.m. to answer questions and provide information about our service.

If you have any questions, you may contact LORETTA KIRKPATRICK at (702) 361-9204.

Thank you for your assistance.

Sincerely,

A handwritten signature in cursive script that reads "Renee Brown".

Postal Customer, Sattley Post Office

Subject: Petition

This letter is in response to the petition received to keep the Sattley Post Office.

As you are aware, the Postal Service has begun reviewing some of its brick-and-mortar Post Offices, Stations and Branches, under a centralized initiative. This review is necessary in order for the Postal Service to match today's activity and usage, as well as mail volume, workload and customer access to postal retail outlets.

The Postal Service receives no tax dollars for operating expenses and relies on the sale of postage, products and services to fund its operation. The Postal Service is in a dire financial situation. In the past 5 years:

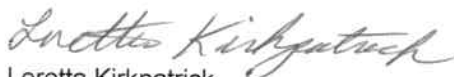

- . Mail volume has declined by 43.1 billion pieces.
- . Customer visits have declined by 200 million.
- . Retail transactions have declined by \$2 billion.

Today, the Postal Service has expanded access to nearly 70,000 alternate locations – where our customers shop and do business - grocery stores, pharmacies, banks, Office Depot, Costco, (list all access points). Customers can access this information at uspseverywhere.com. By consolidating operations, expanding access to postal products and services, and creating community options, the Postal Service is adapting to meet the evolving needs of its customers during changing times.

A community meeting was held to give customers the opportunity to offer their input prior to a final decision and the Postal Service will make every possible attempt to minimize the impact for customers of changes to Post Office locations.

The final determination of the study to close the Sattley Post Office will be posted at the post office upon receipt. I can be contacted at 702-361-9204 if needed.

Thank you for the opportunity to address this matter with you.
